launchFaster

CobaltCalorimeter::
launchRoot

CobaltCalorimeter::
Analyse

```
graph LR; A[CobaltCalorimeter:: launchFaster] --> C[CobaltCalorimeter:: Analyse]; B[CobaltCalorimeter:: launchRoot] --> C;
```

The diagram illustrates a flow where two different launch methods, 'launchFaster' and 'launchRoot', both lead to a common 'Analyse' step. The 'launchFaster' and 'launchRoot' boxes are white with black borders, while the 'Analyse' box is gray with a black border. Blue arrows indicate the direction of the flow from the launch methods to the analysis step.
