

HistoAnalyse::normalizeY

```
graph LR; A[HistoAnalyse::normalizeY] --> B[print]
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'HistoAnalyse::normalizeY'. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'print'.
