

SpectraCo::createTH1D

```
graph LR; A[SpectraCo::createTH1D] --> B[double_cast]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'SpectraCo::createTH1D'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text 'double\_cast'.
