

SpectraCo::operator+

SpectraCo::operator-

SpectraCo::name

```
graph LR; A[SpectraCo::operator+] --> C[SpectraCo::name]; B[SpectraCo::operator-] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'SpectraCo::operator+' and the bottom box contains 'SpectraCo::operator-'. Both boxes have a black border and a white background. On the right, there is a single box containing the text 'SpectraCo::name'. This box also has a black border but has a light gray fill. Two blue arrows originate from the right side of the left boxes. One arrow starts from the right side of the 'SpectraCo::operator+' box and points to the left side of the 'SpectraCo::name' box. The other arrow starts from the right side of the 'SpectraCo::operator-' box and also points to the left side of the 'SpectraCo::name' box. The arrows are blue with black outlines and arrowheads.
